Digital products

Five Core Values

1

Collaboration Over Competition

We believe growth is exponential when businesses work together rather than compete in isolation.

2

Innovation with Purpose

We adopt and build technologies that solve real problems and create tangible value.

3

Execution Excellence

We focus on delivering with precision, consistency and accountability.

4

Trust & Transparency

We build long-term relationships through honesty, integrity and clear communication.

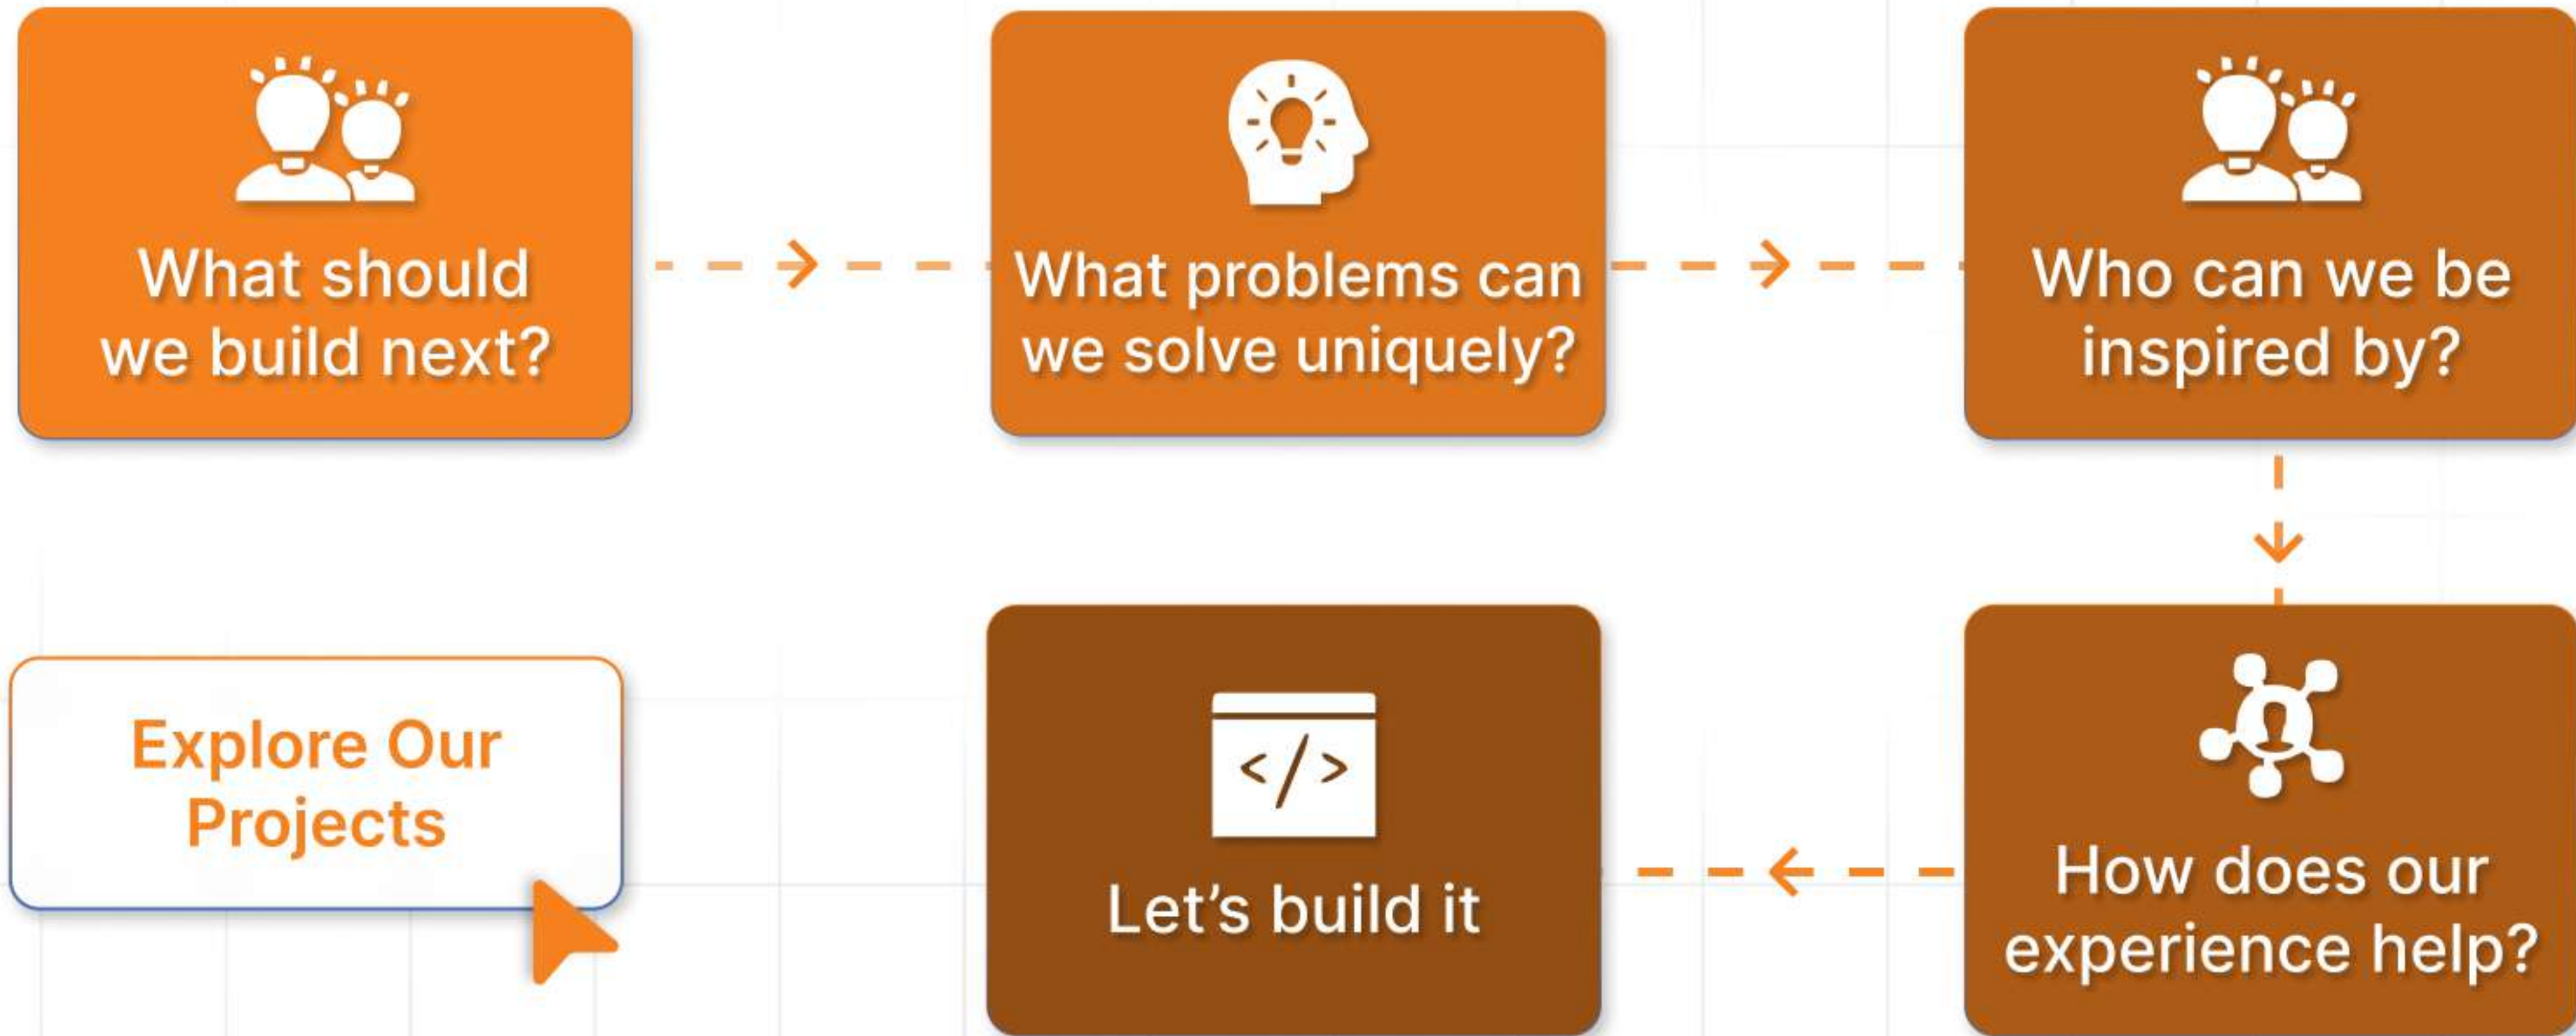

5

Continuous Evolution

We adapt, learn and improve continuously to stay ahead in a dynamic digital landscape

The Intelligence Behind Every Build.

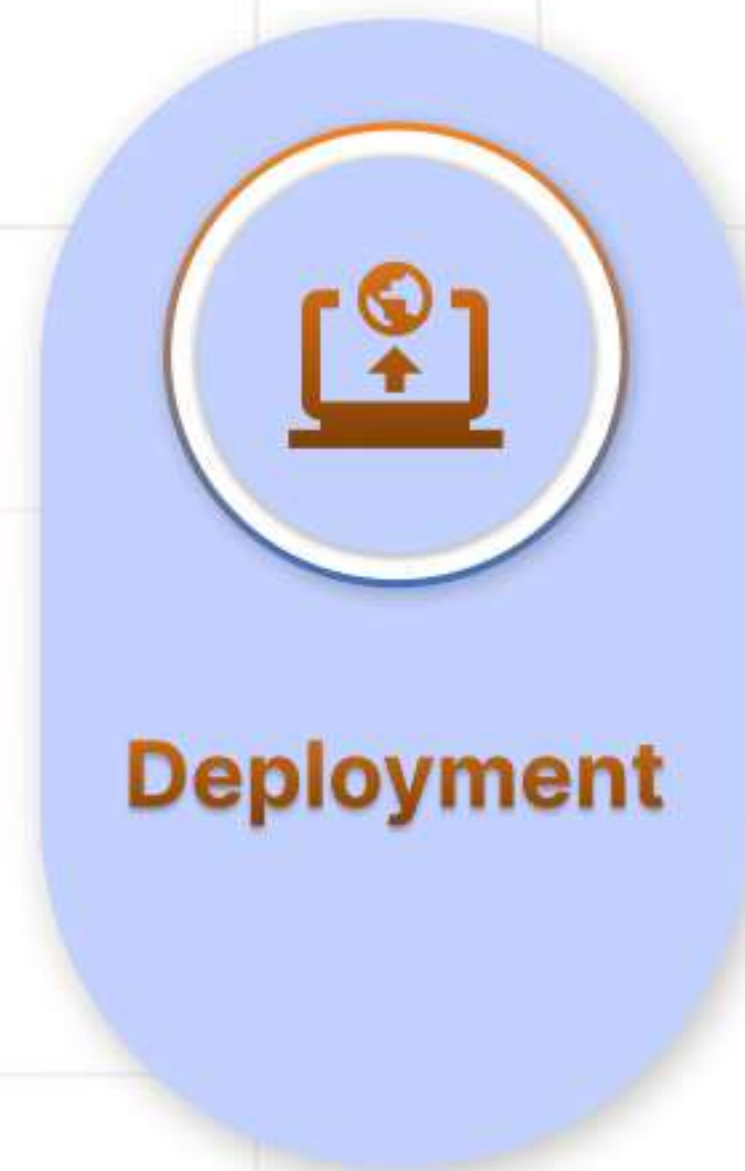

Our R&D Approach-The 5 Questions

Quick Cycle – Build & launch your MVP fast.

Full Cycle - Engineer scalable features with enterprise-grade quality.

Six Reasons to Choose AgamiSoft.

Long-term partner
Focused on your growth

Fast execution
Enterprise-level quality

Built-in security
You can trust

Scalable systems
From day one

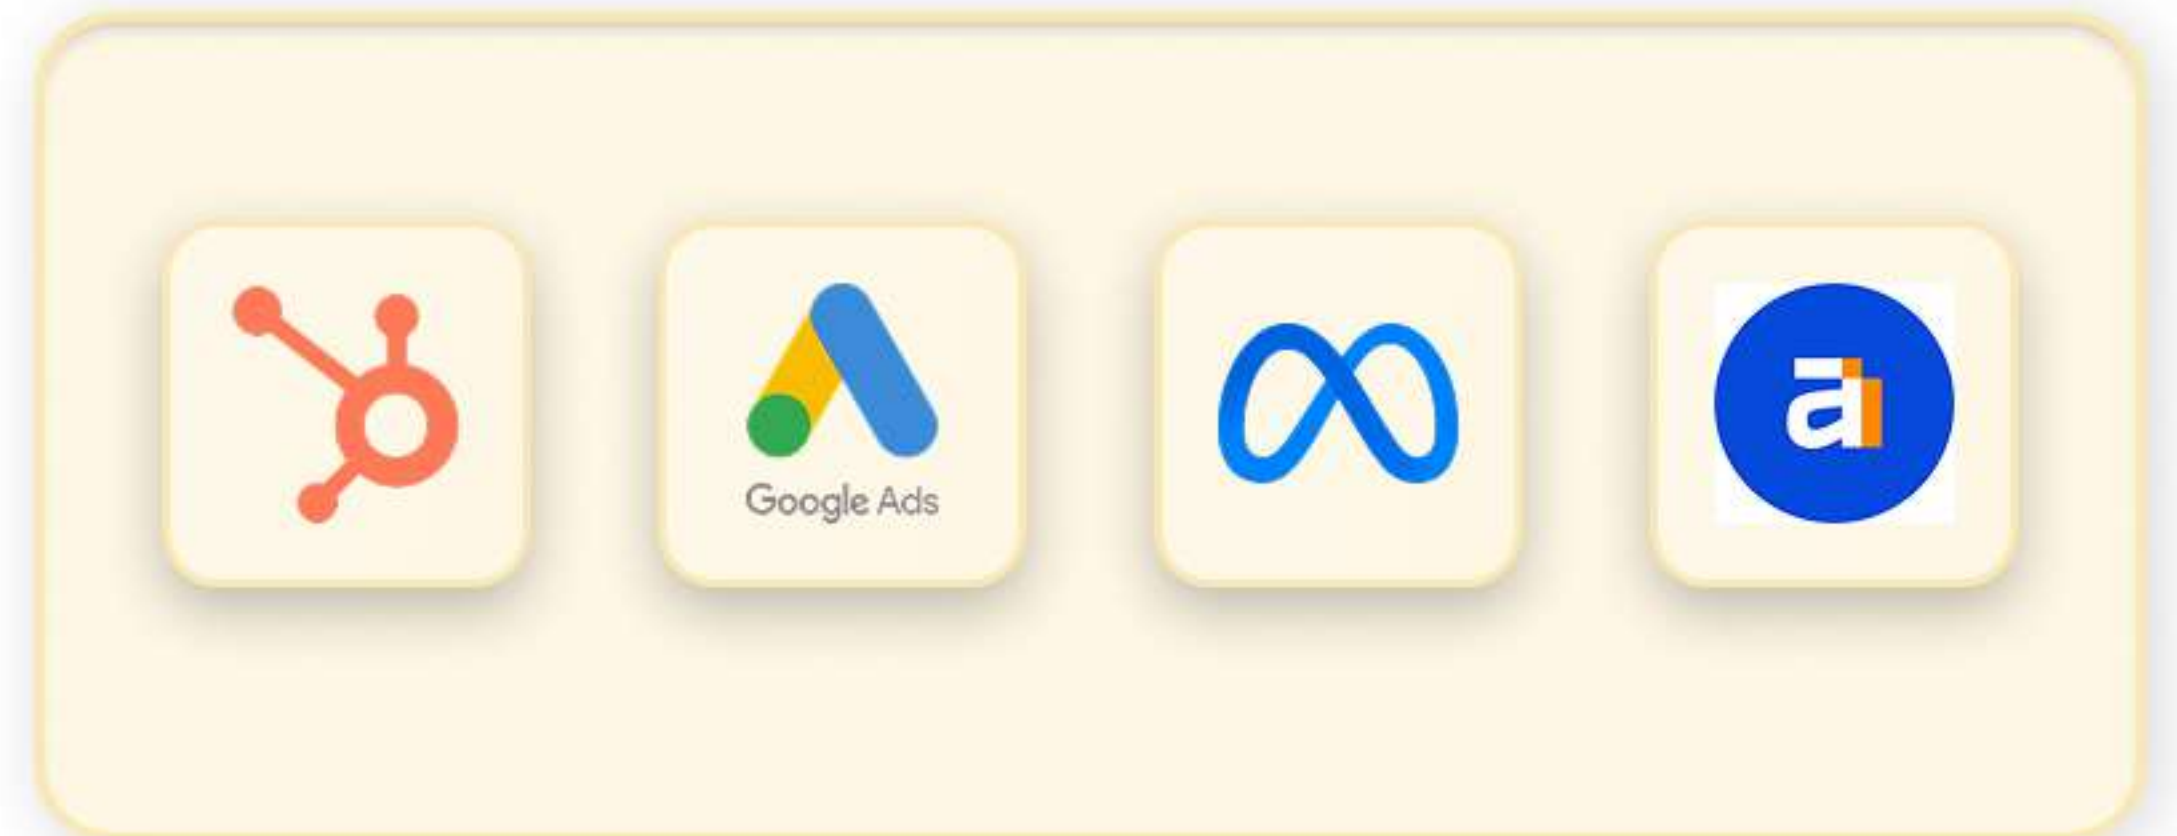

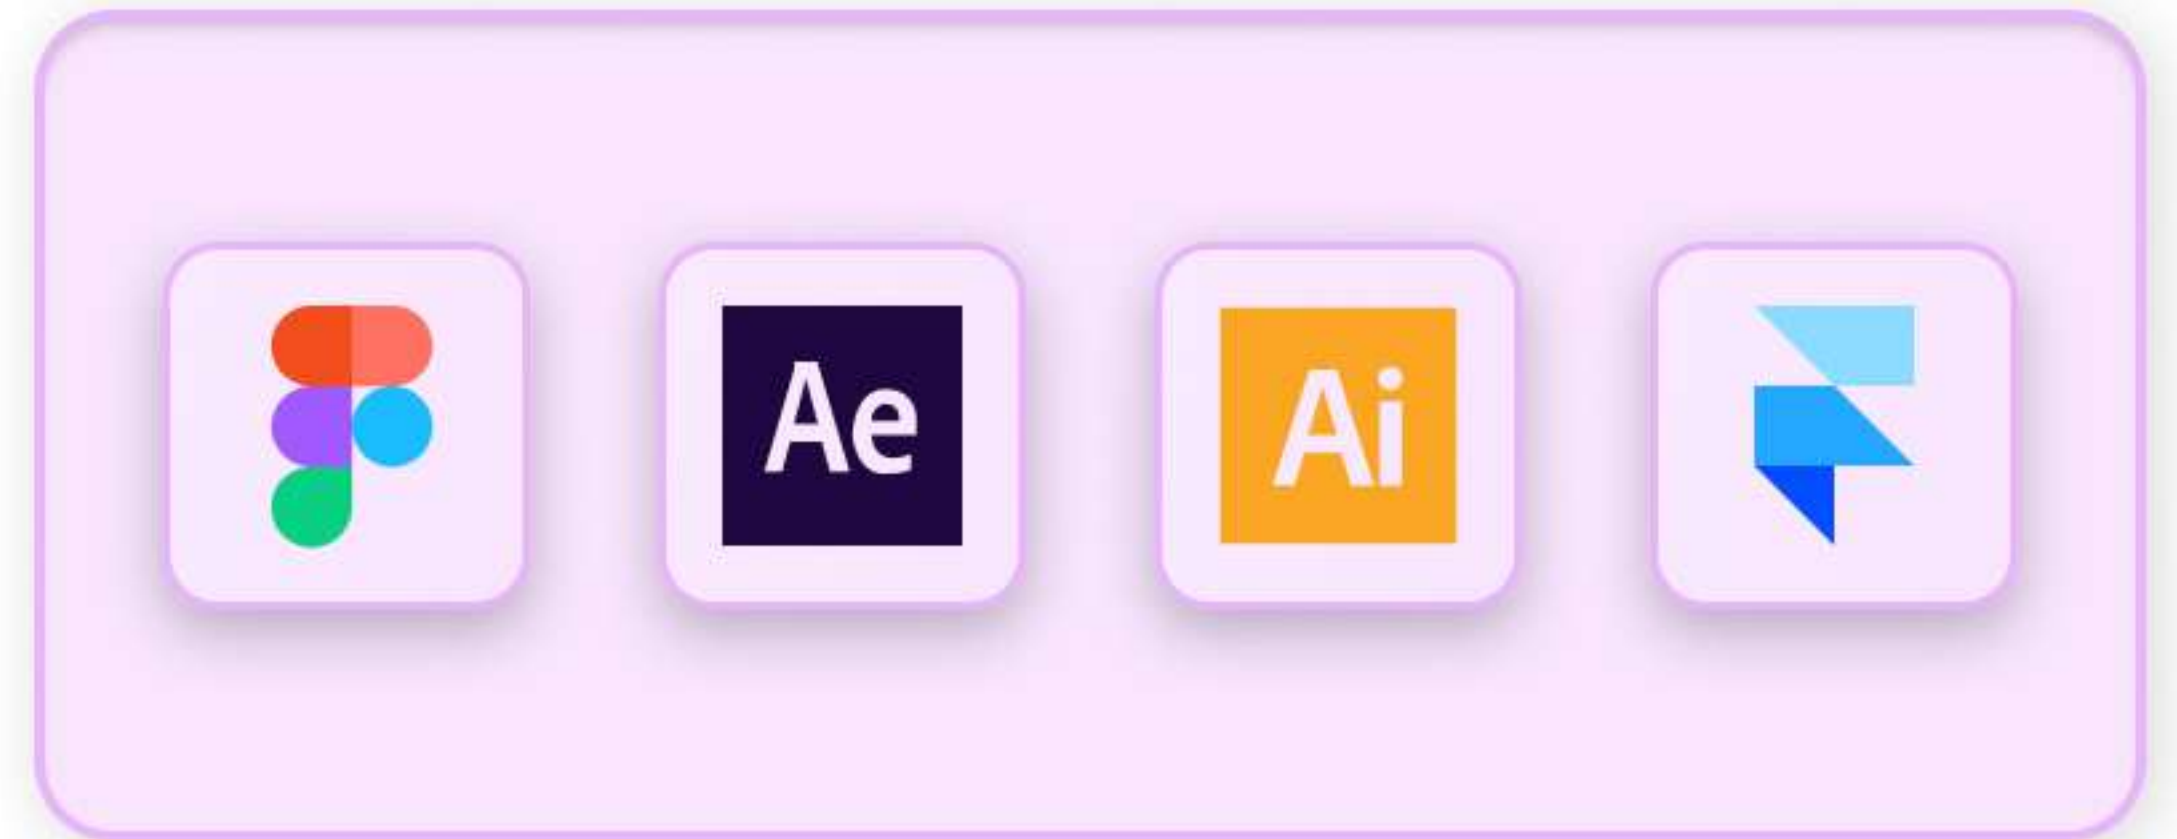

Collaborative team
Thinks and builds with you

Future-ready solutions
That keep you ahead

Technology Behind Our Innovation

Choose Your Engagement Model.

Project Based

Fixed scope, fixed timeline, fixed price. Best for: MVPs, standalone features, redesigns, and greenfield projects with clear requirements.

Dedicated Team

A dedicated squad of engineers, designers, and a PM working exclusively on your product. Best for: Scale-ups, growing products, and ongoing development.

AI Consulting & Advisory

Strategic AI consulting to help you identify, prioritize, and implement AI opportunities in your business. Best for: Enterprises evaluating AI adoption.

95% of Our Clients Come Back.

”

"AgamiSoft didn't just build our platform, they helped us rethink our entire digital strategy. The AI features they proposed added capabilities we didn't even know we needed."

-CEO, Fabrilife

”

"The team delivered our SaaS MVP in 11 weeks. I've worked with agencies that took 6 months to do less. These people are exceptional."

-CTO, Tasselo

”

"We've now launched 3 projects with AgamiSoft. Every time, they exceed expectations. That's why they're our only engineering partner."

-Director of Technology, Sajgoj

Questions We Hear Most.

— How fast can you start a project?

We can typically kick off within 1-2 weeks of contract signing. For urgent projects, we offer expedited onboarding for an additional setup fee.

— How Do you work with international clients?

Yes. 40%+ of our clients are outside Bangladesh. We have experience working with clients in the UAE, USA, UK, and across Southeast Asia. Time zone overlap is always guaranteed.

— Can we see your NDA before starting?

Absolutely. We sign NDAs before the first discovery call if requested. Your ideas and business information are always protected.

— What happens after launch?

Every project includes 30 days of post-launch support at no additional cost. Beyond that, we offer monthly retainer support packages, and 95% of our clients choose to continue working with us long-term.

— How Do you work with international clients?

Yes. 40%+ of our clients are outside Bangladesh. We have experience working with clients in the UAE, USA, UK, and across Southeast Asia. Time zone overlap is always guaranteed.

— Do you hand over the full source code?

Yes, always. Full ownership of the source code transfers to you upon project completion and final payment. No lock-in. No IP retained by AgamiSoft.
